

Interstate 285 Lane Closures

Status Update: May 1, 2023

Current Status: Phase 2 reconstruction progress continues at three critical mainline Interstate 285 bridges. Three lanes in each direction remain open during the daytime hours with additional closures in the nighttime hours and on weekends.

Work This Week:

- Concrete columns are being poured and caps placement work is ongoing at the I-285 bridge over SR 400. Excavation of the existing slopes for construction of the new abutments in this area continues.
- Current work on the I-285 bridge over Peachtree Dunwoody Road includes mechanically stabilized earth (MSE) wall on the east side of Peachtree Dunwoody Road. Excavation of the existing slopes for construction of the new abutments is progressing.
- Current work on the I-285 bridge over Glenridge Drive includes construction of mechanically stabilized earth (MSE) wall on the west side of Glenridge as well as the placement of beams on the eastbound side.
- I-285 traffic is moving through the work zone without major disruptions. Georgia DOT encourages motorists to use extreme caution in this area.

What Drivers Should Expect:

The traveling public should expect disruptions to daily commutes and driving routines and should prepare for delays. Motorists should leave earlier, utilize navigation apps to select alternate routes, and consider alternative commute options through Georgia Commute Options. Drivers continuing to utilize I-285 should pay attention and use caution through the work zone.
